

# EcoSort™ Recycling bins - Features

Ideal for the **source separation** of waste.

Lids available in eight different official **WRAP colours.**

**Three lid types** available; paper recycling aperture, bottle/can aperture and a general waste grab lid.

**WRAP labelling and iconography** to allow easy source separation of materials.

Made from **tough, heavy duty polymers.**

**Strong handles** to allow easy lifting and tipping of the containers.

Large areas suitable for the application of **graphics.**

**Narrow footprint** makes efficient use of limited space.

**UK designed and manufactured** to reduce lead times and freight costs.
